

Tharun Medam

CLOUD SUPPORT AND CLOUD-FOCUSED SOFTWARE ENGINEER

Cincinnati, OH | (513) 295-9220 | medamtn@mail.uc.edu | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Cloud-focused software engineer and Master of Engineering in Computer Science student at the University of Cincinnati with AWS Certified Solutions Architect - Associate and AWS Certified Cloud Practitioner credentials. Experienced in building backend and full stack applications using Java, Spring Boot, Python, Django, JavaScript, and MySQL, with strong foundations in cloud architecture, deployment concepts, troubleshooting, and scalable application design. Seeking early-career roles in Cloud Support Engineering, Associate Cloud Engineering, Backend Engineering, and cloud-aligned software development.

CLOUD AND TECHNICAL PROJECTS

AWS Portfolio Hosting and Delivery

S3, CloudFront

- Built and prepared a static portfolio site for cloud-based hosting using Amazon S3 and CloudFront delivery concepts.
- Applied knowledge of website hosting, public access configuration, static asset delivery, and cloud deployment flow.
- Strengthened practical understanding of how DNS, storage, CDN delivery, and access settings affect production-style hosting.

E-Commerce Application

Python, Django, MySQL

- Built a full stack web application that helps users explore products, compare features, and review pricing details before purchase.
- Developed cart and product retrieval functionality using Django, JavaScript, Bootstrap, and MySQL.
- Built practical experience relevant to cloud support and backend roles by working on database-backed application flow and server-side logic.

E-Survey Application

Java, Spring Boot, MySQL

- Collaborated on a survey platform designed to collect forms, reviews, and ratings across structured feedback workflows.
- Developed application components for data collection, form handling, and backend-connected storage using Spring Boot and MySQL.
- Strengthened understanding of service logic, request handling, and reliable data workflows that support cloud-hosted applications.

EXPERIENCE

Lead, Virtual Visionaries Pvt Ltd

Jun 2021 - May 2024

- Led a student-driven IT venture focused on delivering custom web applications tailored to client requirements.
- Coordinated project delivery, client communication, and solution planning across multiple engagements.
- Built ownership, collaboration, and technical communication skills valuable for cloud support and cross-functional engineering teams.

RESEARCH

IEEE Publication on Social Media Security

Jun 2023

- Contributed to research analyzing security issues on social media platforms using data science techniques.
- Explored patterns, trends, and vulnerabilities affecting user privacy and digital security.

EDUCATION

University of Cincinnati

Aug 2024 - Present

Master of Engineering in Computer Science | GPA: 3.8/4.0

KL University, India

Jul 2020 - Apr 2024

Bachelor of Technology in Computer Science | GPA: 3.7/4.0

CLOUD CERTIFICATIONS

AWS Certified Solutions Architect - Associate

AWS Certified Cloud Practitioner

Red Hat Certified Enterprise Application Developer EX183

Wipro TalentNext - Java Full Stack Developer

CLOUD AND TECHNICAL SKILLS

Cloud

AWS fundamentals, cloud architecture, static website hosting, content delivery, deployment concepts, cloud troubleshooting

AWS Services

Amazon S3, CloudFront, IAM concepts, Route 53 concepts, AWS Certificate Manager concepts

Java and Backend

Java, Spring Boot, JavaScript, Java Full Stack concepts, enterprise application development, backend service logic

Programming and Databases

Python, C++, Django, MySQL, MongoDB, HTML5, CSS, Bootstrap, React, Angular, XAMPP

Tools

VS Code, IntelliJ IDEA, PyCharm, Jupyter

RELEVANT COURSEWORK

Data Structures, Database Management Systems, Computer Networking, Networking Infrastructure and Security, Object-Oriented Programming, Computer Architecture, Operating Systems
